JOIN US IN EXPANDING NEW FRONTIERS!

The Microcredit Summit Campaign, in partnership with the Arab Gulf Program for Development (AGFUND), will organize a 4-day event focused on microfinance and financial inclusion strategies that create clear pathways for social inclusion across the globe.

Our goal is to create linkages among key influencers in the development and financial inclusion ecosystem to ensure that a full range of microfinance products and services reach those who are socially and financially excluded. The learning agenda will also guide and facilitate discussions on how these sectors can contribute to the success of the post-2015 Global Goals for Sustainable Development and the World Bank 2030 goals.

Microfinance practitioners, funders and investors, corporations, policymakers and regulators, advocate and researcher organizations, and global development agencies from the Middle East, Africa, and beyond will converge at the 18th Microcredit Summit to create shared solutions for social change.

Let's rise to the challenge together. Let's deliver on our shared responsibility to the most vulnerable and marginalized and reach new frontiers.
